

Candidates For City Offices

NINE FILE PETITIONS FOR COUNCILMAN; FOUR FOR JUSTICE.

There was a lively scramble at the last moment to file petitions for city offices, the closing time of which was last Saturday noon.

Following is a list of the petitioners:

For Councilman
George Burke, Frank Sales, Roy O. Milnes, Carl Jensen and A. L. Roberts, all members of the present council; Holger F. Peterson, Edwin Carlson, Willard Harwood, and Earl Nelson.

For Justice of the Peace
Hans Petersen, the present incumbent; Paul Hendrickson, Harley Russell and George VanPatten.

For Constable
Joseph Denno who was the only one to file a petition for this position. The present incumbent is Morgan Paige, who also is city marshal.

Who They Are
Most of these candidates are well known in Grayling, and to most of us they need little or no introduction. However, for those who may not be so well acquainted, we are glad to offer such information as is generally known.

George Burke is now mayor and a member of the county board of supervisors. He is the owner of the Burke Garage and apartment building and the local Ford dealer. He and Mrs. Burke came to Grayling nearly a quarter century ago from Frederic where Mr. Burke was in a similar business.

Frank Sales, councilman and supervisor, is in the insurance business. He was county clerk of this county for a period of 10 years. He is honest and capable and a high type citizen, and makes a very competent public official. He and Mrs. Sales are owners of the local Ben Franklin store.

Roy O. Milnes has lived in Grayling most of his lifetime. He is a graduate of Grayling schools. He served the Village of Grayling several years as village clerk and for several years has been on the city council and he is secretary of the Board of Education. He is superintendent of the Grayling Lumber & Supply Co., and has been active in athletic sports, and for several years has been club champion of the Grayling Golf club. He is married and has two children.

Carl Jensen, now serving on the council, has resided in Grayling for many years, and is in the trucking business. He has served as township treasurer, justice of the peace, councilman, and as a member of the board of education. He is married, and has one son, Frank, who is a high ranking boy scout and has an honorable record.

Albert L. Roberts has been foreman of the Kerry & Hanson Flooring Co. for over a quarter century. He has served on the Village and City councils for many years, and also served four years as justice of the peace.

Holger F. Peterson was born in Grayling and graduated from the Grayling schools. He learned the jeweler's trade from his father and with exception of a

Grayling At Bay City C. of C. Meeting

Harley Russell, Amos Hunter, Norman Butler and Dan Babbitt attended a meeting of the Bay City Chamber of Commerce at Bay City last week. They went as a representation from the Grayling Chamber of Commerce.

Among the speakers at the meeting was Mr. R. H. Berry of Detroit and chairman of the United States Chamber of Commerce, who gave a very interesting talk. He took for his subject "What price government?" and through Mr. Berry's efforts the Grayling Chamber of Commerce has literature to distribute with the purpose in mind to enlighten the consuming public of the tremendous amount of hidden taxes they are paying and the reason for lagging industry and progress. It is hoped anyone receiving this literature will take a few minutes to read, digest and absorb it.

Mr. Berry spends a great deal of time fishing the AuSable and naturally is interested in this locality as well as conditions generally.

few years, part of which time he was in the jewelry business in Youngstown, Ohio, he has resided in Grayling. During the Woodrow Wilson administration he served as postmaster of Grayling. Since leaving the government employ he has been operating the Grayling Laundry, an institution that he started. He is married and has two sons, one of whom is a student in Michigan State College.

Willard Harwood is proprietor of the Grayling food store next door to the Carl Kripke barber shop. He is a son of Mrs. Lottie Tatro, proprietor of the South Side grocery. He is married and there are five children in the family.

Edwin Carlson came to Grayling from Roscommon soon after he had married Miss Eva Hendrickson, daughter of Mr. and Mrs. A. E. Hendrickson. He is considered a clever carpenter and a dependable and honest workman. They have two children and reside on the South Side.

Earl Nelson was born in Grayling and graduated from Grayling schools. He is a son of Mrs. Hans R. Nelson. At present he conducts an auto service station and grocery store north of Mercy hospital.

For Justice of the Peace
Hans Petersen has been a justice of the peace for a long period of years. He at one time conducted a grocery business here. He was the head of a large, fine family, coming here from Lewistown over thirty years ago. He is a highly respected citizen. In spite of his 80 years of age he is still doing a good job as justice of the peace which office he has held for many years. He is honest and nobody ever doubts his intentions. He is always on the job whenever he is required.

Paul Hendrickson is the only son of Mr. and Mrs. A. E. Hendrickson, well known merchant tailors. Paul graduated from Grayling schools and had two years of business law in Anthony Wayne Institute. He held a position with the government where he made an enviable record by his competency and integrity, according to some of those with whom he came in official and business contact. Paul at one time worked in the Avalanche office and we found him to be mentally alert and industrious and always fair in his judgment.

Harley Russell was united in marriage to Miss Isa Granger, daughter of Mrs. Celia Granger. Later he opened a beauty culture parlor here. He is president of Grayling Chamber of Commerce and was chairman of Grayling's Golden Gloves tournament. He is active in community affairs and is never afraid to go out of his way to do something good for his community.

George VanPatten attended Grayling schools. His parents both have passed away and he resides with his brother Phillip. He is employed in Spike's tavern, and is well known to most everyone in Grayling. He is not married.

For Constable
Joe Denno is the only one to file an application for the office of constable. Mr. Denno is a married man and is an employee at the Kerry & Hanson Flooring Co. At one time he took an examination for postmastership. He is intelligent and considered by those who know him best as a splendid citizen.

Easter Seal Sale Starts Monday

The Sixth Annual nation-wide Easter Seal Campaign to aid crippled children opens next Monday, it was announced today by Percy C. Angove, executive secretary of the Michigan Society for Crippled Children, Inc., from the office at 548 Buhl Building, Detroit.

Michigan is joining with 30 other states throughout the country affiliated with the National Society for Crippled Children, Inc., to raise funds to carry out their program of giving every crippled child in the State an opportunity for a full and better life.

The Society is a lay organization established in 1921 which helps in developing a well-rounded program for the crippled child, embracing proper medical treatment, hospitalization, education, proper psychological adjustment to their environment, vocational training, and employment. The annual Easter seal drive provides necessary funds to carry on their work.

In urging that all citizens of Michigan buy as many Easter seals as they possibly can, Mr. Angove said, "In our State alone there are approximately 20,000 crippled children. In view of the fact that about 2,000 new cases come to light every year and over 14,000 are now actually receiving service it is imperative that the public become conscious of the great problem which the movement for the care of the crippled is attempting to solve."

Gerald L. Poor, Superintendent of Schools is chairman of the local drive.

Grange Notes

Fundamental Principles of the Grange

1. A more prosperous agriculture.
2. A more practical education.
3. A better community life.
4. Higher ideals of manhood, womanhood and citizenship.

Saturday evening March 4th, the Grange put several members thru the 3rd and 4th degrees. The stage was decorated with a beautiful country scene, representing Charity, and after the Fourth degree was given, the candidates, officers and members march around the tables which were spread with the feast representing Fidelity. After a prayer by the chaplain, all were seated and enjoyed the good things before them.

Several names were read for new members and interest is running high between both sides for new members.

The members have spent much time at the hall the past few weeks; have the kitchen all ready for business in the basement; have the lodge room floor laid and sanded, ready to finish, which will soon be done. They are putting plywood on the wall of the entrance and anteroom; will finish the lodge room walls the same way later.

Eugene Corwin is the lucky owner of the beautiful quilt made by the ladies, and is he ever proud of it!

The ladies have been busy preparing dinners for the working men, and getting ready for their Easter Fair. Watch for the date.

We are glad to have one of our loyal members back again, Mrs. Henrietta Love, who has been with her daughters for some time, and while there was very ill. She is much better now.

The business people are invited to come and see what the Grange members have been doing, in fact everybody is invited to inspect the hall anytime there are workers at the hall. Some people do not know where to find the hall, well just go to the M. E. church corner and it can be seen to the right, just two doors from the corner.

ARE YOU PROTECTED AGAINST SMALLPOX?

Vaccination is your protection against smallpox. It prevents this terrible disease. This protection lasts about seven years and if it has been longer than that since you were last vaccinated, you should consult your doctor for re-vaccination to be sure you are safe.

Natural Resins From Trees
All the natural resins are secretions from trees, and come mainly from tropical countries.

To Celebrate Birthday Jubilee

March 15th was the twentieth birthday jubilee of the American Legion, and the occasion is to be celebrated by Grayling Post No. 108 Friday evening at the Legion hall, the members to be guests of the Ladies Auxiliary. Throughout the world 11,506 posts are observing the 20th anniversary with parties and other demonstrations.

It was 20 years ago that 1,000 men and officers of the American Expeditionary Forces gathered in Paris, France to consider what means should be taken to form an all-inclusive organization speaking for veterans of the World War, and out of the caucus the American Legion was formed.

The organization has made rapid strides and memberships are swelling each year, with the record thus far this year surpassing all records. Certain high ideals and principles of devotion to our country were formulated when the American Legion was founded and these principles and purposes are still alive today. The organization too has every reason to be proud of its devoted service to disabled veterans and to the widows and orphans of ex-service men.

The evening to be spent tomorrow will bring back many memories of the early days of the organization as Past Commander Alfred Hanson has been delving into the records of the Avalanche, and is sure to have an interesting history to present.

Womans Club

Mrs. Frank Bond opened her home to the Womans Club Monday evening. Irish jokes made the roll call very humorous.

Miss Margrethe Bauman gave a very interesting talk on the "Life of John McCormick," the Irish singer who has thrilled American audiences on so many occasions.

Mrs. Roy Milnes sang two selections, "Last Rose of Summer," and "Believe Me It All Those Endearing Young Charms."

Monday afternoon eleven members of the club were luncheon guests of the West Branch Monday club at West Branch.

A musical program was given by the Grayling Woman's Club Music committee. Mrs. Roy Milnes, Mrs. Harold Jarmin and Miss Martha Johnson appeared on the program.

Others attending from Grayling included Mrs. Wm. Hill, Mrs. T. P. Peterson, Mrs. Burton Welte, Mrs. Holger Peterson, Mrs. Joseph McLeod, Mrs. O. P. Schumann and Mrs. Stanley Stealy, president of the Womans Club.

Michigan Watching Rare Disease

JAPANESE SHAVING BRUSHES WERE IMPROPERLY STERILIZED

Anthrax, a rare but dangerous disease, has entered Michigan with cheap shaving brushes recently imported from Japan, according to a warning just issued by the State Department of Health.

Users and dealers are being asked to communicate at once with their local health officer if they are offered for sale a shaving brush, 4 1/2 inches over all with a handle 1/4 of an inch in diameter, painted in two colors and bearing on the top the words "Japan 332" and, on the side, "Imperial-Sterilized."

A quantity of the brushes were imported from Japan in 1937 and distributed from New York to various parts of the country. A recent death in North Dakota was traced to the shipment.

Proper sterilization of all animal hair shipments entering the country, as required by the Federal government, kills the anthrax bacillus. But it is evident that the brushes escaped this treatment despite the assurance to the contrary printed on the handles. Partial or insufficient sterilization will merely cause the bacillus to develop a seed or spore, highly resistant to disinfectants and germicides, which may continue to exist as a potential danger for years while awaiting conditions favorable to growth.

The germ is carried in the hair of goats, sheep, horses, and other animals and is prone to attack woolen workers, tanners, furriers, brush makers, shearers, herders, race track attendants, circus workers, dairymen, farmers and butchers.

The disease usually starts as a local abscess of the skin or membranes of the eyes, nose or mouth. Gangrenous, carbuncle-like lesions form on the skin. Surrounding areas are reddened and the lymphatic glands become enlarged. Later symptoms resembling typhoid appear. About one-third of those attacked succumb to the disease in two or three days.

Early excision of the infected areas offers the best hope of cure but recently developed anti-anthrax sera are also used successfully when promptly and properly administered.

COUPLE WELL KNOWN IN GRAYLING TO BE WED

Many people of Grayling will be interested to hear of the approaching marriage of Benjamin Jerome Jr., son of Mr. and Mrs. Benjamin Jerome, of Pontiac, and Miss Virginia Spence, daughter of Mr. and Mrs. James Spence, also of Pontiac.

The wedding will take place at the First Presbyterian church at 7:30 o'clock, April 8th.

Mrs. Donald Ballman, of Midland, sister of the bridegroom, elect, entertained with a tea Saturday afternoon at the home of her parents, for Miss Spence.

Included in the guest list was the name of Mrs. M. A. Bates, of Grayling, grandmother of the bridegroom elect.

KIWANIS CELEBRATING BIRTHDAY FRIDAY NIGHT

Grayling Kiwanis club is four years old this week. To celebrate the event there will be a banquet and dance at Shoppingtons Inn Friday evening. Of course, St. Patrick's day will share in the event.

President Charles Moore says there are going to be a couple of surprises, and he has people guessing. Special invitations have been sent to West Branch and Traverse City clubs to attend the meeting. The banquet will begin at 6:30 sharp.

Health Engineer Warns of Health Hazards

Dr. Wm. H. Cary, Jr., an engineer of the State Health department, was speaker at the Kiwanis club luncheon last week Thursday when the meeting was changed from Wednesday to that date for the speaker's convenience. He called attention to many health hazards that confront the people every day. Water, food and milk supplies; improper plumbing and observance of health habits play important parts in the health of the public. His talk was very interesting and instructive.

Former Grayling Man Wins Parole

EX-GRAYLING MAN TO BE RELEASED FROM PRISON

Ivan Heuple, former Crawford county farmer has been paroled from Southern Michigan prison after serving nearly eight years of a 40 to 50-year term for kidnapping his own stepdaughter.

Heuple was first indicted for the girl's murder following their disappearance in 1929. The body of a young woman found near the Manistee river had been believed that of the stepdaughter Laurine Christenson, and Heuple was suspected and placed under arrest.

The stepfather insisted, however, that Laurine had left home with him voluntarily and was living near Toledo. State police conducted an extensive search in Ohio, and returned with the girl shortly before Heuple was to have gone on trial for her murder.

The murder indictment was dropped, but the stepfather was convicted of kidnapping and enticement. He was sentenced on July 20, 1931.

In ordering his release the parole board reported that an investigation conducted by Former Attorney General Raymond W. Starr disclosed circumstances pointing to Heuple's innocence. His sentence was commuted to make him eligible for immediate parole.

At 11:00 a. m.—Public Worship.

Our services are increasing in interest and attendance. We are coming up to Easter with great expectations and we want you to come with us.

The orchestra under the direction of Mr. Rowland gave valuable service last Sunday in Bible School. Come and hear them. This fine organization has splendid possibilities in adding interest to our work. We urge your attendance at all our services.

Our services were very well attended last Sunday. Several out of town visitors were also present. A feature of the service was a vocal solo, most helpfully rendered by Mr. E. Webb of Mt. Pleasant. This man, who is 81 years of age, has a voice of rare quality and he uses it with feeling and expression. He was accompanied on the organ by his daughter Mrs. C. G. Clippert and by his granddaughter in a violin obligato. This in itself is rare because here were represented three generations. We all enjoyed hearing them. Please come again soon.

BILIOUSNESS

Biliousness is a digestive complaint which brings to the mind's eye the picture of a person with a lusterless expression and sallow skin. The whites of the eyes are yellowish and the tongue is heavily coated. The bilious person complains of fatigue, a nasty taste, a tendency to nausea, lack of appetite, constipation and depression of the spirits.

The symptoms usually are related to some disturbance of the liver or gall bladder. In all such cases careful study of these organs is necessary since the presence of stones or heavy infection in the gall bladder will defeat any dietary or medicinal treatment.

While the liver is extraordinarily large and able to perform its functions, it can be abused in several ways. The cure of the symptoms of biliousness when gall bladder disease is present is a matter for the physician, but prevention lies solely on our own doorstep.

There are three elementary errors generally committed by the thick, heavily built, short-necked, ruddy complexioned individual so commonly affected with gall bladder disease. The first is insufficient exercise, the second, overeating, and the third, a lack of sufficient intake of water.

Around the age of 40 we begin to become sedentary. This tendency is much more common in the overweight individual, who adds insult to injury by overeating. It is not so much what is eaten as the excess quantity which causes harm. The liver is an accessory digestive organ, and when continually overtaxed by heavy foods, particularly meat, a breakdown in function occasionally occurs. The diet in this type of build should not include an excess of meat and starch. The appetite should be satisfied by greens, vegetables, salads and fruits. An adequate water intake is of great value.

Provided the gastro-intestinal tract and gall bladder are proved to be normal by X-ray and the urine does not contain sugar or albumin, the treatment depends largely upon following the precautions mentioned above with regard to diet. Actual attacks of biliousness when organic disease is absent should be treated first by starvation, orange juice for a day, followed by milk and soft foods, with rest in bed and a thorough evacuation of the bowels. The principle of treatment is rest to the whole body, particularly to the gastro-intestinal tract and liver. As a permanent measure, of course, a reduction in the intake of heavy foods, the permanent relief of constipation, and regular daily exercise, usually walking, will tend to maintain the liver and gall bladder in a healthy condition.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

Thursday, March 16, 1916

It seems as tho the fire element has had a grudge against Henry DeWaele and son Charles. Again this week Monday morning fire was discovered in their home, the Mrs. Lucille Baker residence. The blaze probably started from an overheated laundry stove in the basement, and the flames came through the floors before they were discovered. The greater part of the contents of the house were successfully removed and Mr. DeWaele and family are moving their household goods into the James Overton house on McClellan street near Mercy Hospital.

Little Louise Jennings who has been at the hospital for several weeks with a broken leg, which resulted from a fall on the ice, was dismissed Monday and is able to get around now.

A. F. Gierke has been absent from his duties as conductor on the Johannesburg train the past several days on account of illness.

Fred Brown and family, former residents of this city, returned here Monday from Newberry and expect to reside in this city again.

Mrs. N. McCann and son left Wednesday for Appleton, Wis., to join her husband, who is working for a lumber company at that city, and where they will make their future home.

Will Heric, who is working in Flint, spent Sunday at his home here.

Mrs. Jerry LaMotte was called to Bannister, Mich., Sunday by the death of an uncle.

Floyd McClain arrived home from Detroit Friday. He has just recovered from a serious attack of typhoid-pneumonia.

Mrs. Charles Richardson for many years a resident of Pere Cheney, died at her home Thursday, March 2nd, of typhoid

fever. The funeral was held in Roscommon.

The friends of Mrs. T. W. Hanson will be pleased to learn that she has received appointment of chairman of the 10th Congressional district of the Literary and Library Extension department of the State Federation of Women's clubs.

Mrs. C. R. Keyport and Mrs. A. M. Lewis visited friends in Bay City and Saginaw Friday.

Herbert Waters of Saginaw is filling the position as bookkeeper in the Drs. Insley & Keyport offices, that was vacated by Clyde Gates.

Efner Matson was elected dictator of the L. O. O. M. Monday night and Charles Schreck, vice dictator; Ernest Richards, prelate, and Joe King sergeant-at-arms.

John Leece celebrated his 84th birthday March 3rd and seems as hale and hearty as one of many years younger.

About twenty-five friends pleasantly surprised Eno Milnes at his home Thursday evening in honor of his birthday anniversary. Cards were enjoyed during the evening.

Tom Shaw has secured a position in Detroit and will move his family there as soon as he can obtain a house to live in.

George Collens was pleasantly surprised Saturday evening when he walked into his home to find about twenty members of the L.N.L. and N.L.V.S. gathered there to celebrate his birthday anniversary.

Shoppenagons Inn—that is the name finally adopted for our new hotel. This is in memory of our Indian friend, David Shoppenagons, who was a character in the growth and development of Grayling. He came here about the time the Salling & Hanson Lumber company located here.

He died Christmas day, 1911, at the age of about 103 or more years. The opening of the hotel will be fittingly celebrated and will be a "red letter" day in Grayling.

Lovells
(23 Years Ago)

D. McCormick, who has been cooking for Feldhausers, is spending a few days with relatives in Lovells.

Mr. and Mrs. Will Lee and children returned to Bay City Saturday after a several months' stay with his parents in Lovells.

Florence McCormick is spending a few days with Laura Gale at the Kuehl ranch during the absence of Mrs. Gale.

Word has been received from Lapeer announcing the death of Mrs. Sullivan of that place on Feb. 27th. Mrs. Sullivan spent most of the summer in Lovells last year, and gained many friends by her loving disposition.

Frederic School Notes
(23 Years Ago)

Arthur Cameron was a visitor in the grammar room Thursday.

Elwood Barber was absent last week on account of sore eyes.

Linda Courtney, of the Second grade, is visiting relatives in Cheboygan.

Carlyle Brown of the Second grade is on the sick list this week.

The musical comedy drama played by the Frederic High school Tuesday evening was a decided success. Those taking part in the play were George Brown, Florence Oliver, Liland Smock, Jessie Reynolds, Herman Wilcox, Mae McDermid, Fred-born McDermid and Clare Cameron. The comedy side of the play was taken by Beulah Brown and Harry Reynolds. Others not named who sang were Marion Reynolds, Bessie Brown, Kate Brown and Maggie Jendron.

**RAMBLERS ARTICLE GROSS-
LY EXAGGERATED**

Grayling school authorities say that the article entitled "Ramblers Cleaned", as published in the Roscommon Herald-News and reprinted in the Avalanche in our last issue was much exaggerated and not entirely true.

Teams playing Grayling High School are given every protection possible. A locker room is provided them and a key for keeping it locked while the team is not in the room. That's the team's responsibility to keep their locker room locked. In every city there are some youngsters who are light-fingered and have to be watched. Grayling has them, Roscommon has them, and practically every community has them. Local school authorities have checked with those of Roscommon and the latter say they have never had any trouble of that sort in Grayling.

A deplorable fact is that with two or three such youngsters in a community, the whole population is branded and false impressions are made.

As to Grayling boys and girls we positively know that they are as fine a lot as may be found in any similar community. To class them with "The Dead End Kids" is a misnomer. We don't believe the Herald-News fully realized just what that statement might mean, to boys and girls in general, as it implied.

Grayling has some bad boys and we know it. Prompt action by our police officers and state police was taken to apprehend the miscreant. There is still good in every bad boy and for that reason the apprehension of this youngster has not been made public. Nonetheless, Grayling authorities are just as concerned about the conduct of our youngsters as is any community, and whenever misdemeanors occur, they are first to try to apprehend and correct the perpetrators.

Letters of Former Grayling Clergyman Of China Read.

(Older residents of Grayling will be interested in this letter).

Places were laid for 85 members of Westminster Presbyterian church (Bay City), who gathered for the annual Thanksgiving dinner meeting held in the church dining room. Reports of projects supported by the society were given at the business meeting at which Mrs. R. W. Brink, president, presided. A letter from the Ashland Farm school at Swannanoa, N. C., was read as were excerpts from letters written by the Rev. Dr. Charles Ernest Scott, of the American Presbyterian Mission at Tsinan, Shantung province, China.

Dr. Scott in his letter to Miss Ida Dorland told of his small granddaughter, Helen Priscilla Stam, four-year-old daughter of the late Mr. and Mrs. John Stam, who were killed by Communists. Helen, who was just a few months old was left in an old house where the family had taken refuge. A Christian Chinese family, also refugees, found the baby and took her with them 40 miles overland to Wuhu, where she was turned over to grandparents, with whom she has since made her home.

Dr. Scott, a former minister in Grayling and well known in Michigan, wrote, "Poor China, which has yearly had to endure hardships that would be almost death blows to a smaller and less virile nation, has been called upon to undergo unspeakable sufferings this past year.

"In my own field, added to the horrors of war, several thousand houses in the southwestern section were destroyed by an earthquake; also the Yellow river opened its mouth and went on a rampage, wrecking 135 villages and rendering homeless some 65,000 people.

"As the Tientsin to Nanking railroad cuts through our country field it could not escape its share of bombing, looting, burning, evicting and killing. Our country pastors, evangelists and Christians have brought in to us harrowing accounts of the sufferings of the helpless country folk.

"We are thankful that both Tsinan and Tsingtao were spared the fate of many of the larger cities. In Tsinan the people were kept in a state of jittery fear and suspense by almost daily appearances of the enemy airplanes overhead and the nerve-racking shrieks of the alarm sirens, but few bombs were actually dropped and with few casualties.

"The actual 'take over' of Tsinan and Tsingtao was in each case not accompanied by bombing, rape or the burning of property and killing of innocent civilians, though the property of many Chinese in these two cities was promptly confiscated and practically all who had held any positions under the former government are jobless and even 'foreigners' have had to submit to many kinds of indignities."

Dr. and Mrs. Scott with Helen Priscilla are expected to return to the States, leaving Shanghai in July for Vancouver. They will be accompanied by their daughter, Beatrice, Mrs. Theodore Stevenson and her husband, Dr. Stevenson, and their small son of Canton, who are also sailing on the same day for a furlough.

The various class projects which the girls made were exhibited. One table held a display of amusements for the convalescent. Charts showing rules for health, daily food requirements, and one on communicable diseases were made. One project was a wheelchair made from a rocking chair, a pair of roller skates, padded with pillows, and a blanket.

A doll's bed was made to show the correct way to make a bed.

Small medicine chests were made and equipped with the necessary first aid materials. They were made for the chemistry laboratory, manual training room and home economics laboratory.

Interesting Program Presented March 3rd

Friday March 3rd, a varied and interesting assembly program was presented to the students. The Girls Glee Club under the direction of Miss Johnson, sang several numbers and led the assembly in singing "The Umbrella Man," and "Pocket Full of Dreams."

Leo Lovely as coach of the High School reserves gave an interesting talk on his work with this year's squad. Coach Cornell spoke of this year's team and presented the winners of this year's ping pong tournament with their awards. These were: Jane Milnes as Junior High girl champion; Robert Clark as Junior High boys champion, and Ted Nelson as Senior High boys champion.

The band, under the direction of Mr. Rowland, rendered three numbers which were well received, as were the numbers by the Girls Sextette.

The complete program was as follows:
Band—"On Dress Parade."
Girls Glee Club—"Just A Wearyin'"

Group Singing—"The Umbrella Man."
Sextette—"Will You remember?"

Band—"Hiawatha's Melody of Love."

Leo Lovely as coach of the Reserves.

Sextette—"Little Old Lady".
Mr. Cornell—Ping Pong awards.

Pep Meeting—Jerrine and Natalie Peterson, cheer leaders.
Girls Glee Club—"Marchita".
Group Singing—"Pocket Full of Dreams."

The 9th Grade Party

Friday, the 9th grade sponsored one of the most enjoyable school parties of the year. Under the direction of their sponsor, Miss Tumath, they had tastefully decorated the gym and made sure that everything was in order for their guests, the students of the upper six grades.

The result could only be a most pleasant and enjoyable party as nearly 100 students who were present can testify. Congratulations are certainly in order for the 9th Grade and their sponsor.

CHEVROLET SAFEST CAR

Chevrolet's body ensemble is the safest the industry offers today, in the opinion of "Safety Engineering" Magazine, recognized national authority in the accident prevention field.

"The safest car of the 1939 line, in our opinion, is the Chevrolet," says the opening sentence of an article in which the entire industry's 1939 models are analyzed from the safety standpoint. The various manufacturers' offerings are scored on a chart accompanying the article, each being judged on 13 different points having to do with safety.

Chevrolet was given 11 E's and two G's, the highest rating not only in its price class but among all cars built today.

The survey on which the report was based included such body features as driver's field of vision, rear vision, rear and front fenders, radiator ornament, door lock security, robe rack, padding on rear of front seat, dash knobs, protruding handles and hardware, accessibility of handbrake lever, and design of dome light. It did not deal with chassis features, and hence took no cognizance of such mechanical advances as vacuum gearshift with steering column control, new type knee action, shockproof steering, and hydraulic brakes, all of which Chevrolet is featuring in its current models.

Literal Interpretations

A Roman general having agreed with Antiochus to restore him half his feet caused each of the ships to be sawed in two. The Platons, having promised the Thebans to restore their prisoners, restored them after they had put them to death. Pericles, having promised to spare the lives of such of the enemy as laid down their arms, ordered all those to be killed that had iron clasps to their cloaks.—Law of Nations.

Removed White House Bathing

When Andrew Jackson was President he had a crude bathtub removed from the White House which Dolly Madison had installed there, and it was 22 years later before another one was put in. It was installed there for President Fillmore, who was noted for his neatness and his cleanly habits, and whose wife introduced the bathing practice in the executive mansion as a preventive against malaria, then prevalent in Washington.

Mrs. M. Hanson Dies From Hemorrhage

As we are about to go to press, report came telling of the death of Mrs. Marius Hanson, caused by cerebral hemorrhage.

Mrs. Hanson was stricken while at a luncheon at the home of Mrs. C. G. Clippert where the Wednesday Bridge club was meeting. She removed her eye glasses and laid them upon the table, and without further warning she leaned sideways into the lap of one of the other ladies.

That there was something wrong was immediately apparent and while a physician was being summoned, she was made as comfortable as possible. She had never regained consciousness and the sad news that she has passed away is a shock to her many friends.

She is survived by her daughter Mrs. Harold (Lucille) Cliff.

Good selection of Used Cars on hand at Alfred Hansons'.

The heavy-wind Wednesday afternoon blew down the sign in front of the Hendrickson tailor shop and it went crashing thru the big front window. It was a pretty blustery day for having a window out and a hurried board enclosure had to satisfy.

Mike Hruski, age 68, passed away at Mercy Hospital Tuesday evening, having been brot to that institution seriously ill at noon the same day. Mr. Hruski, who had been a Grayling resident for several years, was born in Poland. Funeral services will be held at St. Mary's Church at 9:00 o'clock Friday morning.

Mrs. Ivan Hamblin was hostess at a miscellaneous shower given in honor of Mrs. Louis Stillwagon recently. The afternoon was spent playing games which the young people enjoyed very much. Later a very delicious lunch was served on a beautifully decorated table, centered with a miniature bride in full dress. Mrs. Stillwagon received many beautiful and useful gifts.

Mrs. Nettie Stephan has rented her property the former J. W. Cowell house to Mr. and Mrs. Don Sweeney. The house has been undergoing a round of improvements, with the whole interior having been nicely redecorated and repainted. Mr. Sweeney has moved their furniture there and they will occupy the house as soon as the redecorating is finished.

Six tables of pinocle were enjoyed at the Mason-Legion tournament Tuesday night at the Masonic hall. Charles Miesel and Samuel Rasmussen had a perfect score for the Legionnaires, while Carlyle Brown and Jess Sales were high men for the Masons. The Legionnaires won the evening's play once more. There are only two more evenings left before the tourney closes. A large crowd will be appreciated by captains of the two teams for the remaining series.

Mrs. C. G. Clippert was hostess to her Bridge club at a very attractive luncheon Wednesday afternoon. From a centerpiece of shamrock, green ribbons extended to the place cards, which were the traditional white clay pipes with the guest's name written on them. Green pigs, coiled snakes and green hats completed a real St. Patrick's decoration. Bridge followed the luncheon with high scores being held by Miss Margrethe Bauman, Mrs. A. J. Joseph and Mrs. Oscar Hanson. Mrs. Royal Wright was a guest of the club.

Mrs. Carl Sorenson has returned home after being in the west since the middle of December, going to visit her mother Mrs. Marie Fischer, who is in failing health. Her brother William and sisters Mrs. George McPeak and Mrs. Irving Dodge and their families reside in the west also, so her visit was made very pleasant. Too she saw a lot of former Graylingites, who reside in the vicinity of Compton, her mother's home. Another sister Mrs. A. R. Engler, resides in Houston, Texas and Mrs. Sorenson and her mother spent several weeks with her.

Grayling Bears and Hanson Cafe teams began a series of basketball games to settle an argument as to which team is the strongest. The opening game was a thriller Tuesday night when baskets were made from every angle by players on both teams, with the game ending 56 to 53. The Cafe team were winners in the opener. No charge is made for the games, only a hat is passed and whatever money is derived will go into a baseball fund for a team that is expected to be organized this summer. The Cafe team were the winners again Wednesday. The Grayling Bears are entering the Cheboygan tournament to be held in that city sometime next week. Fritz Heath's Gas station will back the boys by paying the entry fee in the tournament.

WEATHER

Wednesday and today are certainly acting the part of a March lion. Wednesday morning at 6:00 o'clock the temperature was 30 above dropping to 14 above at 6 p. m., with a high wind coming up, and a heavy snow falling off and on, during the day.

This morning at 6:00 o'clock the temperature was 4 above and the wind has settled some.

Traffic is severely hampered, trains and busses were off schedule and had difficulty in getting thru. That was especially true further north.

To make conditions more difficult, the roads were quite slippery. Today (Thursday) there is still considerable snow falling and snow clouds would indicate that the end is not yet in sight.

WHAT YOU SHOULD KNOW ABOUT SMALLPOX

It is one of the most easily caught diseases. Very often the victims do not remember even having seen a person who had the disease. It usually develops about 12 days after infection. Chills, fever, headache and vomiting are the usual beginning symptoms.

Firm red pimples appear on the face and hands and then show on other parts of the body. If a case should develop in your home keep him away from other members of the family and neighbors and call a doctor immediately.

Gallaudet Was First to Start School for Deaf

Dr. Thomas Hopkins Gallaudet, for whom Gallaudet college is named, was the first American educator to establish a school for the deaf in this country.

Born in Philadelphia on December 10, 1787, he was a tutor and a theological student, but, because of ill-health, declined a ministerial position.

Then Gallaudet became acquainted with a deaf child named Alice Cogswell and it was his interest in her education which led him to devote his life to the education of the deaf. Furnished with funds raised by Alice's father and a number of friends, he went to Europe to make a study of methods employed there.

Upon his return, relates Leslie Hartley in the Washington

PFEIFFER QUIZ

HOW MANY OF THESE QUESTIONS CAN YOU ANSWER?

- 1 How is the President's salary paid to him?
- 2 Approximately how long is Long Island?
- 3 How much space would it require to hold 1,000,000 silver dollars?
- 4 Is it possible to light a cigarette or set a fire with steam?
- 5 What is the most abundant metal yielded by this earth?
- 6 What is the definition of a bachelor?
- 7 What two states are touched by eight other states?

Look for the correct answers to these questions in the Pfeiffer-Quiz appearing in this paper next Thursday. SUGGESTED QUESTIONS ARE SOLICITED

You may be puzzled about the correct answers to some of these questions, but you will never have any doubts about the quality of PFEIFFER'S BEER.

The well-earned reputation of Pfeiffer's dates back to 1889. A brewmaster of national fame carefully guards this reputation and only hops, malt and other materials of the finest quality—first tested in our completely equipped laboratory—are used in brewing this uniform and outstanding product.

LIST OF DELINQUENT TAX LANDS

This issue of the Avalanche contains a list of the delinquent tax lands for Crawford county that will, if not sooner paid, be offered for sale May 2nd, at the court house in the City of Grayling. This list will continue to be published up to and including May 2nd.

While your taxes may have been fully paid, still it is well to check up on the list and be certain of it. Besides there may be some property there you may wish to bid on.

Calendar in Use Since 1752
Great Britain and her colonies have used the Gregorian calendar since 1752.

KALKASKA TROUT FESTIVAL DATE SET

The sixth annual Kalkaska Trout Festival will be held on Friday and Saturday, April 28th and 29th. Plans are under way to make this year's festival one of the largest yet staged. Many new and interesting events are being arranged. Detailed announcement will be made later.

There will be the usual crowning of the King and Queen, and Press Banquet on Friday, April 28th, and the Queen's Ball on the 29th.

L. Kramer is director of the festival and publicity.

Municipal Plants Foot the Bill for Village in Vermont

Lyndonville, Vt., March 8.—(AP)—The municipally owned electric plant and water works of this village of 1,500 persons will foot the bills for 1939—the people will be tax exempt.

That was the decision of voters Wednesday night after it was disclosed that, besides paying running expenses for a year, the electric plant also could set aside \$8,000 to start a reserve fund of \$50,000 for improvements to the plant and \$5,000 for this year's hard surface road work.

Nearby St. Johnsbury—a community of 10,000—was shown at its annual meeting virtually to be debtless.

THREE MEN BIRL A LOG AT MICH. SPORTS SHOW APRIL 1-9

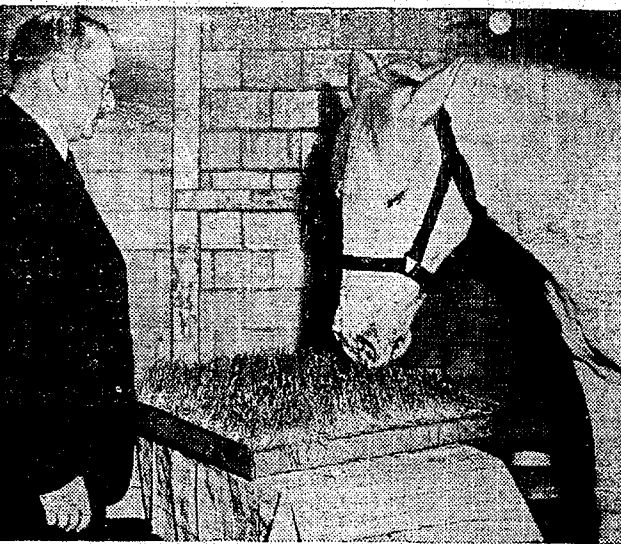

When the National Sportmen's Show from New York again visits Detroit April 1 to 9 and is operated as the Michigan Sportsmen's and Boat Show at the Fair Grounds Coliseum the same group of guides who thrilled Michigan sportsmen last spring will be on hand to stage their exciting battles on the log.

Outdoor enthusiasts in Michigan declared the Sportsmen's Show at the Coliseum last spring to be the best ever conducted in this state and they look forward to witnessing an even better show in 1939.

Many new features have been added to the April Show including "Slingshot" Charlie of Tennessee, who has been the subject of Ripley cartoons twice in recent months; also Joe LaFlamme, the famous dog team racer of northern Ontario who will appear in an Arctic and Hudson Bay exhibit with a team of six trained wolves who have been taught to pull a dog sled.

The Michigan Sportsmen and Boat Show at the Detroit Coliseum is the only show of this character to be held in Michigan in 1939. The Show will be directed by the Campbell-Fairbanks Expositions, Inc., whose Detroit headquarters is at the Wolverine Hotel.

Veteran Stage Horse Knows His Oats

Bill, veteran stage horse appearing at the Radio City Music hall in New York, is being fed scientifically on fodder grown by a new invention, without soil, sunshine or aid. The invention, which produces a green crop of oats or other grain in six days, is being displayed at the New York Museum of Science and Industry. In the picture is shown A. Cotton, representative of the English firm which is introducing the new invention.

Lansing—The ardor of legislators for outright repeal of the civil service law is cooling off.

Whereas outright repeal of this much-discussed statute appeared a fortnight ago to be certain, today sentiment is growing slowly for revision of the 1937 law, retaining most of its provisions and amending others to provide competitive examinations for all state employees except those in the lowest income brackets and executives at the other end of the scale, who help to shape administrative policies.

The so-called Pollock bill, recommended by the State Civil Service Study commission of which Dr. James K. Pollock of the University of Michigan was chairman, has been re-introduced in the House of Representatives. The state affairs committee has decided to use this 1937 bill (which was amended by the 1937 legislature) as its starting point.

If this movement receives legislative support, the administration then would be in a position to maintain that it had enacted a "genuine" civil service law and that the Republicans, instead of the Democrats, were the real friends of civil service.

Economy Still is Trend

In the so-called modernization of the act, Republican legislators will see to it that many jobs are made available, just as Democrat law-makers in 1937 provided that only "qualifying" examinations to be taken by job applicants prior to Jan. 1, 1938.

The present act covers 17,000 state workers.

If by exempting low income employees as well as policy-making executives this number would be reduced to 8,000 to 10,000, legislators say that a saving can be effected in the operating cost of the civil service department. The commission has asked \$300,000 for the next fiscal year beginning July 1, 1939. House leaders want to reduce this to \$100,000 on grounds of economy. Clipping of civil service wings thus would be justified, in part at least, by the imperative need to avert a further deficit.

In the senate a tourist-farm advertising appropriation was reduced from \$400,000 to \$300,000. Instead of \$50,000 a year for general state advertising, as granted two years ago, the amended bill provides for \$25,000 a year. Advertising of Michigan farm products was limited to \$25,000 a year on a \$5,000 matched aid basis for any one product—apples, potatoes, etc.

Because of the 1939 world fairs at New York and San Francisco, Michigan resort owners are apprehensive over summer prospects. Last year's business was 20 per cent off normal.

Defeat School Bill

Supported by the Michigan Education association a resolution to relax the present 15-mill tax limitation, putting a revision up to a spring referendum, was defeated by a narrow margin in the House.

Dr. Eugene Elliott had supported the resolution which he felt would permit local districts to undertake needed school building construction.

Only two issues will appear on the April ballot: (1) Nonpartisan election of judges; (2) To permit the legislature to extend to circuit court commissioners judicial powers similar to those of judges.

tices of peace.

Borrowing Problem

A bill to give Michigan cities borrowing power of 20 per cent of their current tax levies, instead of 10 per cent, has stirred a controversy in Detroit where the measure is backed by city officials headed by Mayor Reading. The Detroit Bureau of Governmental Research, opposed to any increase in indebtedness, declared that to double the borrowing limit was but to multiply the "stableful of dead horses with which Detroit now is plagued."

Because of unemployment and a resultant temptation to undertake public work programs under the PWA's offer of generous grants, many Michigan cities have borrowed to the limit.

If recent legislative action is any index of Lansing's present temper, bills for more borrowing and more spending are likely to be carefully scrutinized. Chances of their passage are none too good, at this moment.

Fair Trade, Milk Bills

According to the Michigan Retail Institute, trade groups are "hopelessly at loggerheads" over the merit and constitutionality of any unfair trade practice bill which seeks to maintain prices.

"Rural opposition to the features which are claimed to center price competition on farm produce will probably grow in volume as the session progresses," states R. Wayne Newton, director of the retailers' organization.

A number of bills have been introduced, proposing to outlaw any prices "below cost" and otherwise to regulate retailers.

The present legislative "straws in the wind" are against any further extension of state regulation and control. This conservative trend also makes unlikely the passage of any milk price control measure at this session. Milk producers are still hopeful, however, that a compromise plan can be agreed upon that will afford some relief from the present low bulk price of milk at the farm—a price which, producers say, does not afford any margin of profit above cost of production.

Bricks and a Bouquet

Because many newspapers advocate retention of civil service and oppose outright repeal, some legislators have been inclined in recent weeks to grumble loudly about the press.

To seasoned capital correspondents who have seen administrations come and go and who followed the 1938 campaign in which few newspapers rallied to the support of Frank Murphy, the present critical attitude is a sudden reversal in form.

While law-makers are now in a mood to damn editors in general and correspondents in particular, newspaper writers generally agree that the present membership of the legislature is distinctly above average in individual competency and ability. At the same time, viewing the Lansing scene as unbiased observers, they believe that any civil service action smacking of sabotage would react unfavorably to the party in 1940.

"Three months ago these legislators were praising newspapers for their fairness in the campaign," commented one Detroit writer. "Now they are damning us. It all has convinced me that the press is on sound middle ground, neither to the right or left."

We present these candid statements for what they are worth.
